

# Group 2 – Outputs

# SLM & WOCAT for SDG

- Countries must have relevant national targets and indicators – **like five years GTP-2 of Ethiopia indicators alignment with SDGs**
- Developing system that could generate available information/data by different implementers - **like the case of Uganda**
- Revising the current indicators of the designed projects to align with SDGs targets and indicators

# Strengthening

- Establishing and strengthen national WOCAT network – AfrOCAT—ETHIOC-ASIOCAT---
- Financing WOCAT initiative in the countries
- Formal WOCAT focal point in the country
- WOCAT should exhibit its products at meeting/side events **eg Caribbean Partnership for SLM is meeting next week in Trinidad**
- Expert groups on SLM in countries should include WOCAT to increase awareness and its knowledge products
- WOCAT Should partner with regional focal points of UNCCD, Rio Conventions— etc - --

# Next action 2017-18

- Next WOCAT meeting to be in Africa – Ethiopia to Host ???
- develop concept/projects for countries with out WOCAT
- Countries should submit specific detail action plan
- Need for offline version Tablet –
- Award system by WOCAT for countries based on criteria
